

Setting up Student, Parent, and Teachers Conferences

The Gorham School District has set aside TWO specific sets of dates designated for K-12 student, parent, and teacher conferences.

The FALL dates are:

Thursday, October 28

2:00 pm – 8:00 pm

and

Friday, October 29

8:00 am – 2:00 pm

At the Middle School, advisors will be facilitating the conferences for their advisees and their family members. Each team is working to make sure the information your child's advisor will be communicating is comprehensive and clear. Please look for communications regarding conference sign up from your child's advisor very soon.

Time slots lengths for conferences are determined by teams, and generally last up to 30 minute, and the team has the freedom and responsibility to develop effective methods and varied formats for sharing learning and reporting progress information.

To find your child's advisor:

- Go to district website (gorhamschools.org)
- Click on the Infinite Campus system
- Log in, look up your child's schedule
- See name in homeroom block
- Call the GMS office for advisor's phone number or email address

If you have children in more than one school, coordinating conferences across buildings can be tricky, yet we are willing to help.
